

Victoria Shaw holds a Chartered Professional Accountant designation and has enjoyed a lengthy career working in both private industry and public practice. Having held key financial roles at the senior management level, she combines her solid foundation in business management with her tax experience to meet the many and varied needs of small business owners. Some of the services she provides are as follows:

Training and support for various accounting software programs including Sage 50 (formerly Simply Accounting) and Quickbooks;

Assistance with payroll and T4 preparation and filings;

Preparation and filing of HST returns;

Preparation and filing of personal and corporate and tax returns;

Assistance with accounting and tax issues as required.

In her “semi-retirement” Victoria enjoys her true passion, which is teaching. She provides instruction in a variety of courses such as Excel, Sage 50, Quickbooks, financial management for small business, basic accounting and basic bookkeeping. She holds a Certificate in English Language Teaching to Adults and finds it particularly rewarding to help those who are new to this county to succeed in business.

When she isn't working, Victoria most enjoys hanging out with family, particularly her grandchildren.
